LEGISLATIVE COUNSEL'S DIGEST

AB 487, as amended, Brownley. Instructional materials: sale of surplus or undistributed obsolete instructional materials.

~~(1) Existing law establishes the State Instructional Materials Fund in the State Treasury as a means of annually funding the acquisition of instructional materials as required by the California Constitution. The State Instructional Materials Fund is continuously appropriated to the State Department of Education.~~

~~This bill would establish the Surplus Instructional Materials Fund under the administration of the Superintendent of Public Instruction. The bill would provide that the moneys in the Surplus Instructional Materials Fund would be available, subject to appropriation, for allocation for the purpose of allowing school districts, county offices of education, and charter schools to acquire supplemental instructional materials or technology-based materials. The bill would require that any deposit made into the Surplus Instructional Materials Fund, and~~

~~the allocation of any moneys from this fund, including the subsequent use of those moneys, be subject to the annual audit of local educational agencies required by existing law.~~

~~(2) Existing~~

Existing law authorizes the State Board of Education and school districts to dispose of surplus or undistributed obsolete instructional materials that are usable for educational purposes, to specified entities, including by sale to any organization that agrees to use the materials solely for educational purposes and to make no charge of any kind to the persons to whom the organization gives or lends the materials.

This bill would also authorize county offices of education ~~and charter schools~~ to dispose of surplus or undistributed obsolete instructional materials under these provisions. The bill would delete the provision requiring the organization to agree to use the materials for educational purposes. The bill would require that 50% of the proceeds of any sale of surplus or undistributed obsolete instructional materials made under these provisions to be remitted to the state and deposited in the ~~Surplus Instructional Materials~~ General Fund and that the remaining 50% be available for school districts; ~~and~~ county offices of education, ~~and charter schools~~ to acquire basic instructional materials, supplemental instructional materials, or technology-based materials. The bill would also delete a provision requiring the organization to certify that it agrees to use the materials for educational purposes and make no charge to the persons to whom the organization gives or lends the materials.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
